CHURCHES OF CHRIST, SCIENTIST

"Shall not the Judge of all the earth do right?" This question from Genesis is the Golden Text in the Lesson-Sermon on "Everlasting Punishment" on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

"One of the Scriptural selections in the Lesson-Sermon includes the verses from The Acts: "And Ananias went his way, and entered into the house; and putting his hands on him said, Brother Saul, the Lord, even Jesus, that appeared unto thee in the way as thou camest, hath sent me, that thou mightest receive thy sight, and be filled with the Holy Ghost. And immediately there fell from his eyes as it had been scales; and he received sight forthwith, and arose, and was baptized."

Among the passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are the statements: "Saul of Tarsus beheld the way—the Christ, or Truth—only when his uncertain sense of right yielded to a spiritual sense, which is always right. Then the man was changed. Thought assumed a nobler outlook, and his life became more spiritual. He learned the wrong that he had done in persecuting Christians whose religion he had not understood, and in humility he took the new name of Paul."

Summer Graduates Invited to Visit Whittier College

Monday afternoon, the 5th class of Torrance high school was delighted to receive an invitation to participate as guests of Whittier College in a May Festival, to be given Friday for seniors graduating from schools in the vicinity of Whittier.

The afternoon will be filled with an extensive program including athletic exhibitions, the annual sophomore brawl, several plays, inspection of the campus and dormitories and numerous other interesting events. In the evening approximately 2100 guests will be served at a banquet free of charge at which they will receive tickets to an opera to be given by the combined boys' and girls' glee clubs in the Whittier theatre.

Harry Phillips, graduate of Torrance high school, who is now a junior at Whittier, personally extended the invitation on behalf of the faculty and student body of Whittier College. Harry, incidentally, commented on the unusual size of the summer class, numbering 70, which will graduate this year. "Torrance high school," he said, "is the largest class yet graduated from this school. He compared it to his class of 36 members which constituted the record graduation at that time, several years ago.

Springfield, Mo. (U.P.)—A clock made over a hundred years ago, and which was perforated by gunfire during the Battle of Springfield here in 1833, continues to run and keep accurate time. The clock was standing in the home of John McCluer, grandfather of the present owner, when the house was fired upon.
